

LACKAWANNA COLLEGE ENVIRONMENTAL EDUCATION CENTER

WINTER NATURE CAMP

DECEMBER 27 & 28, 2019
10 A.M. TO 4 P.M.

Children ages five to eleven are invited to join us for two days of winter exploration! During camp, children will explore winter through science experiments including, testing the freezing point of water. They will look for signs of life and track animals in the snow on our 211-acre property. They will also get up-close with LCEEC’s resident Red-Eared Slider turtle and learn how to build a campfire with natural materials found in a Northeast Pennsylvania winter. There will be plenty of outdoor play, fun winter-themed games, crafts and snacks. Appropriate for ages five to eleven. **Cost is \$80 for both days or \$45 per day. Pre-payment and pre-registration required.**

Registration is Open—Sign up for one day or both days!

To Register: Mail camper registration information to *Lackawanna College Environmental Education Center 93 MacKenzie Road, Covington Township, PA 18444* with a check payable to **Lackawanna College**.
