Advanced Standing and Transfer Policy

Due to the limitations of the number of available seats for the ASN program, consideration is given to transfer applicants who have met the admission standards as stated above, including the following:

- Transfer college-level nursing courses applicable to the ASN program must have a GPA of 3.0 or higher.
- Only 11 college nursing credits are transferable, which will satisfy the courses of NUR 110 Nursing Concepts, NUR 115 Pharmacology I, and NUR 105 Introduction to Nursing Care. Transfer students who have fulfilled the NUR 105 Introduction to Nursing Care will be required to complete a Nursing Skill Evaluation before attending clinical.
- COL 101: College 101: Freshman Experience will be waived for those students who have previous college credits as determined by the Registrar's evaluation.
- The point evaluation system is utilized to determine admission into the ASN program (see above).
- There is no guarantee for entry into the ASN program even if meeting minimum admission requirements.
